ABSTRAK

HUTRI IMANUEL BOANG MANALU, NPM : 1605030284 ''Analisis Kesiapan Pembelajaran *E-Learning Readiness During* Saat Pandemi Covid-19 Dengan Hasil Belajar IPA Siswa Kelas III SDN 066668 Kecamatan Medan Johor ''.

Tujuan dalam penelitian ini adalah untuk mengetahui bagaimana kesiapan pembelajaran e-learning saat pandemi covid-19 di kelas III SDN 066668 Kecamatan Medan Johor. Berdasarkan hasil penelitian dan pembahasan. Tingkat kesiapan pembelajaran *e-learning readiness during* saat pandemi covid-19 di kelas III SDN066668 Kecamatan Medan Johor Tahun Pelajaran 2019/2020 dinyatakan "cukup siap" di lihat dari tabel kriteria nilai dan presentase penilaian". yang diperoleh nilai rata-rata kriteria sebesar 64,45.

Kesulitan yang dihadapi siswa kelas III SDN 066668 Kecamatan Medan Johor dalam melaksanakan pembelajaran *e-learning readiness during*, sebagai berikut: (a) Kurangnya interaksi antara guru dan siswa atau bahkan antar siswa itu sendiri. (b) Proses belajar dan mengajamya cenderung ke arah pelatihan bukan pendidikan yang lebih menekankan pada aspek pengetahuan atau psikomotor dan aspek afektif. (c) Berubahnya peran guru dari yang semula menguasai teknik pembelajaran konvensional, kini juga dituntut menguasai teknik pembelajaran yang menggunakan internet. (d) Tidak semua tempat tersedia fasilitas internet (mungkin hal ini berkaitan dengan masalah tersedianya listrik, telepon ataupun komputer).

Faktor penyebab kesulitan pembelajaran e-learning readiness during sebagai berikut: (a) Belum banyak siswa yang memiliki handphone dan laptop sebagai sarana antisipasi penggunaan media internet. (b) Jaringan internet yang sering hilang atau terganggu. (c) Kondisi fisik yang tidak kondusif. Misalnya sakit, mengantuk pasti akan mempengaruhi faktor-faktor lain yang dibutuhkan untuk belajar.

Kata Kunci : *E-Learning Readiness During*, Hasil belajar.

ABSTRACT

HUTRI IMANUEL BOANG MANALU, NPM: 1605030284 '' Analysis of E-Learning Readiness During the Covid-19 Pandemic With Class III Student Science Learning Outcomes SDN 066668 Medan Johor District ''.

The purpose of this study was to determine how readiness for e-learning during the Covid-19 pandemic in class III SDN 066668 Medan Johor District. Based on the results of research and discussion. The level of e-learning readiness during the Covid-19 pandemic in class III SDN066668 Medan Johor District Academic Year 2019/2020 is declared "sufficient" seen from the table of value criteria and assessment percentage ''. obtained the average value of the criteria is 64.45.

The difficulties faced by grade III students of SDN 066668 Medan Johor District in carrying out e-learning readiness during learning are as follows: (a) Lack of interaction between teachers and students or even between students themselves. (b) The process of learning and teaching tends towards training instead of education which places more emphasis on knowledge or psychomotor and affective aspects. (c) Changing the role of teachers from previously mastering conventional learning techniques, now also required to master learning techniques using the internet. (d) Not all places have internet facilities (maybe this is related to problems with the availability of electricity, telephone or computers).

The factors causing the difficulty of e-learning readiness during learning are as follows: (a) Not many students have cellphones and laptops as a means of anticipating the use of internet media. (b) Internet networks that are frequently lost or interrupted. (c) Physical conditions that are not conducive. For example sickness, drowsiness will inevitably affect other factors needed for learning.

Keywords: E-Learning Readiness During, Learning Outcomes.
