Dengan demikian, bupena pada tema peduli terhadap makhluk hidup dinyatakan layak sebagai media pembelajaran peduli terhadap makhluk hidup untuk siswa kelas iv sd negeri 173475 peadungdung

Kata Kunci: ADDIE, Bupena, Peduli Terhadap Makhuk Hidup

ABSTRACT

Dona G Sibagarian, NPM: 1705030038. "Development of Bupena on the Theme of Care for Living Creatures for Fourth Grade Students of SD Negeri 173475 Peadungdung for the Academic Year 2020/2021". Thesis: Elementary School Teacher Education Study Program, Faculty of Teacher Training and Education Science, Quality University.

This study aims to develop learning media in the form of Bupena material for caring for living things which is applied to fourth grade elementary school students and to find out the feasibility of Bupena on the theme of caring for living things assessed based on aspects of validity, practicality and effectiveness.

This research is a research and development (Research and Development), namely the development of bupena on the theme of caring for living things. This study uses the ADDIE model (Analysis, Design, Development, Implementation, and Evaluation). The data collection technique in this study used a questionnaire and test method.

The results of the analysis show that the Bupena on the theme of caring for living things developed is valid from material and media experts respectively by 85% and 89% with very valid categories. The percentage of practitioners and students' responses were 80% and 89%, respectively. Ngein's results obtained scores of 0.69 (high criteria) and 0.64 (high criteria), respectively. Thus, Bupena on the theme of caring for living things was declared worthy as a learning medium for caring for living things for grade IV students of State Elementary School 173475 Peadungdung.

Keywords: ADDIE, Bupena, Caring for Living Creatures
