ABSTRACT

JULI ANDRI BARUS NPM. 1605030387 "IMPROVE STUDENT LEARNING HAIL
USING PICTURE LEARNING MODELS

AND PICTURE ON IPA LESSONS IN

CLASS IV SD NEGERI 043935 KABANJAHE

ACADEMIC YEAR 2019/2020 "

This research was conducted with the aim to find out and use the Model Picture and picture in Class IV SD NEGERI 043935 KABANJAHE Academic Year 2019/2020. The location of this study was in Class IV SD NEGERI 043935 KABANJAHE which numbered 39 students and as the object of this study was the use of the Model Picture and Picture on natural science subject matter. This type of research is classroom action research (CAR). The instruments used were written tests in the form of multiple choices and observation sheets.

From the results of the first cycle of research obtained the results of the implementation of learning in teacher activities with a percentage of 58.7% and the implementation of learning in student activities got a score of 60, while from the completeness of individual students who completed their study, 11 students out of 16 students and students not complete, 5 students , while students' mastery learning classically in the first cycle is 68.75% and an average of 67.50.

Based on the second cycle test with the improvement obtained by the implementation of learning activities on the teacher that is with a percentage of 80% and the results of the implementation of learning on student activities with a score of 84, from the completeness of individual students who completed learning 14 students from 16 students and students who did not complete learning is 2 students while the classical completeness results of improvement in the second cycle is 87.50% and while an average of 79.37 From the Idan II cycle obtained an increase in student learning outcomes of natural resource materials.

Based on the results of research conducted by researchers with two cycles, it can be concluded that the use of the Picture and Picture Model can improve student learning outcomes in natural science learning material natural resources in class IV SD NEGERI 043935 KABANJAHE Academic Year 2019/2020.
